

The 9 mile route across beautiful Shropshire countryside, taking in rural villages, riverside walks and along the Severn into Shrewsbury

Starting at The Haughmond Inn in the picturesque village of Upton Magna, the route takes you across country and follows the River Severn into Shrewsbury

In Uffington, we join the cycle path (National Cycle Route 81) which takes us along the river (taking a short detour through a small housing estate), past the weir and on under the English Bridge towards The Quarry. Approaching the Quarry we cross the bridge at Kingsland Bridge, until we reach Roman Road.

Take Mytton Oak Road and carry on until you reach the Royal Shrewsbury Hospital

Turn right and complete the final 200 yards before you reach a welcome drink at the Summer Fete, at the Shropshire Education and Conference Centre.
